Natures Universal Atomic Re-creation

The forces of Nature are immensely wondrous in its capacity of initial creation and subsequent re-creation into infinity, (NC 19).
 To begin to understand how such procedure of re-creation is effected we will illustrate the mathematics of a creation effecting re-creation.
 This is a simplified illustration as reproduction of the multitude of force lines of Nature is impossible herewith.

The sum of the product of “Natures Fibonacci”³ = NC 19

Notation. (78 + 156 = 234) (195 + 156 = 351)

Notation. (507 - 156 = 351)

For those who wish to interpret the mathematical values into word form for the greater comprehension of Nature and its wonder then;

The following is determined by the following formula;

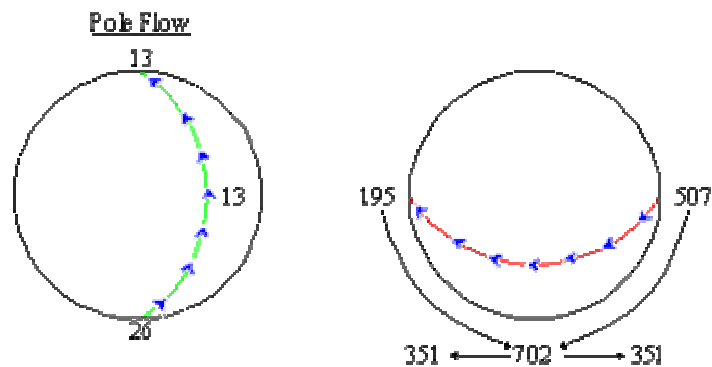

The sum of the product of “? ? ?”³ = NC (Natures Constant)

“Creation”³ = NC 19, “A Creation”³ = NC 26, “Recreation”³ = NC 27,

“Universal Creation”³ = NC 35, “The Universal Creation”³ = NC 35,

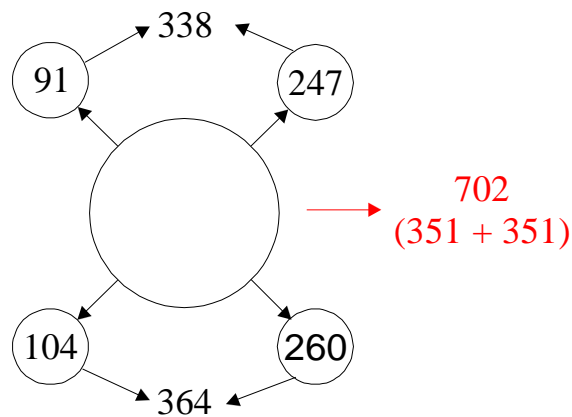

“Atomic Recreation”³ = NC 37, “Universal Atomic Recreation”³ = NC 26,

“Natures Universal Atomic Recreation”³ = NC 28,
“The Spiritual”³ = NC 26, “Atomic Spirit”³ = NC 26,
“Atomic Spirit Energy”³ = NC 28, “Spirit”³ = NC 28,
“The Atomic Spirit”³ = NC 26, “Spiritual Atomic Energy”³ = NC 26,
“The Holistic Natural Numbers”³ = NC 26,

The moment of inertia is a prime factor resulting thence in motion direction of material shape of mass.

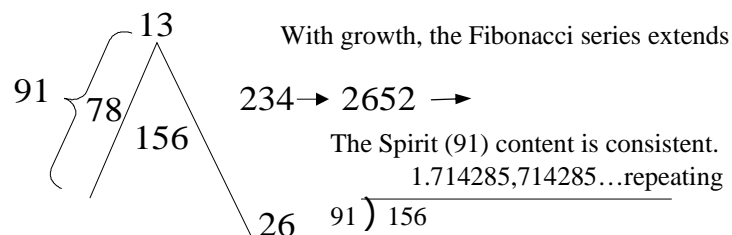

The sum of the product of “Moment of Inertia”³ = NC 27

Within the “Creation” or seed of the living is an Energy block structure that includes the series 78, 156, and 234.

These energy blocks are of the Fibonacci series. The physical visual occurrence of the Fibonacci series has an acknowledged ratio of 1: 1.618 or 1: 0.618.

As the initial structure grows into a visual physical structure then the series is extended. The results in the energy scale is;

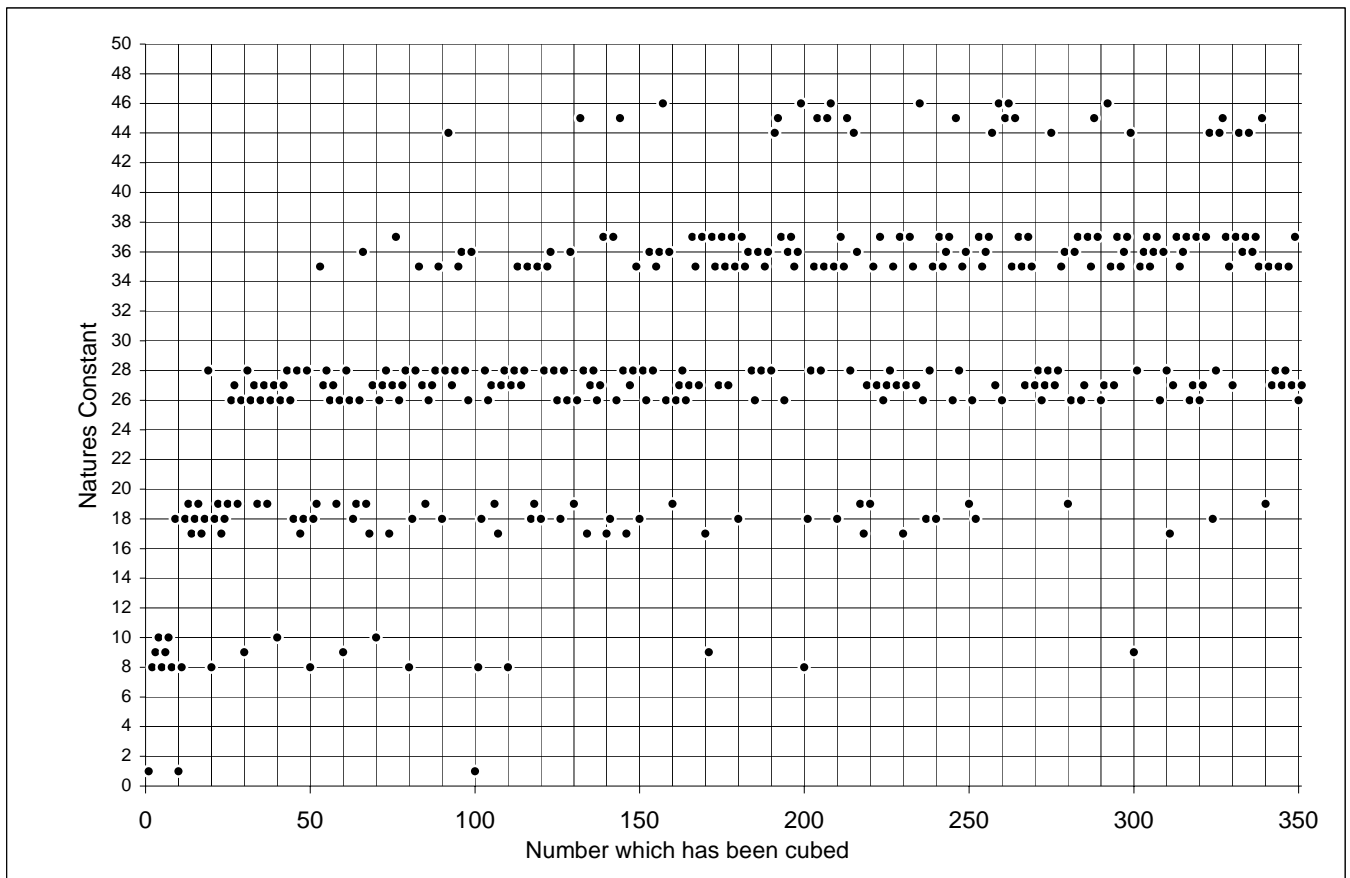

The Spirit value. 714285 is in all extensions, with purely a variance at times of numerical positions.

1.6181818...

Extract of the Fibonacci Series 29406) 47580 which is the accepted academic value of Fibonacci ratio with relative consistency in the subsequent series.

This chart was calculated by George C Macdonald D.A., A.T.D., Aberdeen, to assist H.R.H. Prince Leonard in his research of Nature Constants in relation to “The Holistic Nature of Reality”.

Notation:

The total in the lines of 26, 27, 28, in this chart to 351 is: **133**

The sum of the product of “133”³ = **NC 28**
